Profile

B.Tech EEE student at NIT Nagaland (CGPA: 9.388) with strong interest in Embedded Systems, IoT, and Machine Learning.

Education

NIT Nagaland 2024–2028
B.Tech EEE CGPA: 9.388

SRKG College, Sitamarhi 2023
Class XII (Bihar Board) 84.6%

Bhagirathi Vidyalaya, Haridwar 2021
Class X (CBSE) 91%

Technical Skills

Programming: C, C++, Python
Electronics: IoT, Sensor Interfacing, Circuit Design
ML: Classification Models, Data Analysis
Tools: MATLAB, Multisim, FreeCAD
Web: HTML, CSS, JavaScript

Projects

Smart Energy Meter Theft Detection

- Developed a Random Forest model to detect abnormal electricity usage patterns
- Simulated consumption data and performed predictive analysis

Room Door Automation System

- Built a sensor-based automated door system with motion detection

Radio Controlled Car

- Developed RF-based wireless vehicle with directional control

Additional Information

Coursework: Signals and Systems, Digital Electronics, Microprocessors (Ongoing)
Research Interests: Embedded Systems, IoT, Machine Learning, Signal Processing

Achievements

- 1st Rank in college-level Mathematical Contest
- Selected for Smart India Hackathon (SIH) 2025
- Won multiple technical and coding competitions

Certifications

- Drone Bootcamp (NIELIT, NIT Nagaland)
- 3D Printing Bootcamp (MSME)
- Energy Conservation & Green Building Certification

Languages

English, Hindi
